Important Notice for Kaiser Permanente HMO Enrollees: COVID-19 Temporary Closures and Consolidations - Southern California

On April 3, 2020, our office was notified that Kaiser Permanente has temporarily closed select medical offices and limiting services at other Kaiser offices during the COVID-19 outbreak.

To limit additional exposure to COVID-19 throughout the community, Kaiser has decided to temporarily close or limit services. By doing this, Kaiser will be able to coordinate care and combine much-needed medical equipment and staff while still providing high-quality care to their members.

To get quick and convenient online care for common conditions — 24 hours a day, 7 days a week. E-visits, telephone, and video appointments are simple and secure ways to get care and save yourself an office visit. All you need is a computer, smartphone, or mobile device.
